I remember as a young child an afternoon spent at the Ritz Hotel. Tea was served in the most elegant fashion. Designing Puttin' on the Ritz took me back to that day. It's my vision of understated elegance: Royalty and richness combined with the most luscious colors of pink, blue, ivory and gray. This collection brings you upscale and precious fabrics reminiscent of vintage engravings, hand drawings, and rich textures. Fabrics fit for the tiniest prince or princess and the most stylish of moms. Add the faded look of vintage linens, textures of satins and pre-quilted yardage and you have the perfect fabric for any home decorative project.
