BEST FRIENDS FOREVER celebrates friendship. With bright colors and whimsical prints, you can't help but smile! Ponies, rainbows, pinwheels and flowers are just a few of the prints I've drawn for this "everything girly" collection. Those little snippets of fabric left after you put the finishing touches on a new favorite quilt are always hard to part with, aren't they? There is something so darling about those little quilty scraps!

This collection was inspired by some hard-to-part-with little snippets – those quilting memories we didn't want to let go. With several gorgeous florals, a Bonnie & Camille measuring tape print, little scissors on the selvage, quilt blocks and dots – of course! – these Little Snippets are sure to steal your heart. Now you'll want to hang on to even the tiniest piece too.

So when the 3 Sisters created their latest collection of romantic florals in shades of white, blossom pink, silver gray and mist, The name Porcelain just fit. Vive la France is about my love of France. The simple color combination of blue, white and red makes up a strong patriotic palette for our quilts, homes and even apparel. Most of these prints were found layered underneath old quilts I have unpicked over the years. I hope you enjoy sewing with them as much as I enjoyed uncovering them.

Ah... sweet summertime! It's a time to relax on a porch swing while sipping a cold glass of freshly brewed "sweet tea". When I daydream, my perfect world would usually include sitting on the front porch of an old farmhouse somewhere down south enjoying a glass of tea. Notice I said tea – because the reality is that I'm a Colorado girl and there isn't any authentic "sweet tea" in sight. No matter what your drink of choice is, let this Sweet Tea fabric collection inspire you to relax a bit and create a beautiful quilt to sit beside you.

Over the years, in a spot midway between our front porch and the pond... my husband, Robert, has gathered an array of bird-feeders. There are hooks with feeders of all sizes and shapes, holding a variety of bird seeds. We enjoy watching blue jays, barn swallows, red-winged blackbirds, robins, finches, bob-whites, and an abundance of our Kansas state bird, the Meadowlark. Within minutes of filling the feeders, there is a flurry of wings. There are dances for dominance, tweets of happiness and songs of gratitude when the feast is done.

At dusk, the rabbits, racoons and deer wander in to take advantage of the seeds that dropped to the ground. Robert admits he buys enough seed to feed the entire county... but the show makes it all totally worth it.
